

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

ASTRONOMICAL SOCIETY OF THE PACIFIC 331

MINUTES OF THE MEETING OF THE BOARD OF DIRECTORS OF THE  
ASTRONOMICAL SOCIETY OF THE PACIFIC, HELD AT THE  
BOHEMIAN CLUB, SAN FRANCISCO, NOVEMBER  
11, 1921, AT 6:00 P. M.

Those present: President Cushing, and Directors W. W. Campbell, J. Costa, A. L. Black, E. P. Lewis, Geo. E. Hale, Bernard Benfield, J. D. Galloway, Sec.-Treas. pro tem.

Dr. J. S. Plaskett, Director of the Astrophysical Observatory, Victoria, B. C., was present as a guest.

The following new members were elected:

C. C. CORRIGAN, Oklahoma City, Okla.

LEONARD F. FULLER, Palo Alto, California.

SAMUEL E. W. HAINES, Oakland, California.

ALVA JOHNSTON, New York City, N. Y.

R. N. MORAN, Fairmont, West Virginia.

R. G. TONGE, Sausalito, California.

JAMES WALLACE, Oakland, California.

Dr. Campbell reported that four members of the Society had contributed a total of \$100.00 for the support of the International Latitude Observatory at Ukiah. This was made necessary by the failure of those who formerly supported the Observatory to provide proper funds. Endeavors are being made to arrange the finances of this institution so that its work may be continued.

A committee consisting of W. W. Campbell, Geo. E. Hale and E. P. Lewis was appointed to report upon a proposed resolution endorsing the control of scientific work of the United States by the Regents of the Smithsonian Institute at Washington.

After thanking Mr. Black for his courtesy in asking the Board of Directors to be his guests at the Club dinner, where the business of the board was carried on, an adjournment was taken to the Native Sons' Hall where a well-attended lecture was given by Dr. J. S. Plaskett upon the subject "Dimensions of the Stars."

J. D. GALLOWAY,  
*Sec.-Treas., pro tem.*
